**Academic Background**

Talk about courses, gpa, rank (if high) or any relevant academic info

**Research Experience**

Talk about any "research" background: did you work as a research assistant? do you have any publications?

**Leadership and Outreach**

Talk about clubs, volunteering, events you did, workshops or any initiative you believe could distinguish you

**Motivation to Join [Lab Name]**

Talk about why you want to join that lab specifically: interesting topic? interesting tool? a specific unique use case? where do you believe you can add value?
